Jason,

I am happy to meet. November is particularly difficult for me. I am on leave from November 8-24. My only days available are November 4-7, or 28-29. I apologize for not being more flexible! I am happy to look at December dates if these dates do not work for others.

Amy

Subject: Israel bonds

As you both know, the Auditor in his time as treasurer of state requested the legislature to pass legislation that would allow the state or at least the treasurer of state to invest in Israel bonds.

The Auditor has been contacted by a representative of Israel Bonds and asked if he would arrange a meeting with both of you and your investment teams in November to visit.

On the Auditors behalf, I am making that request of you.

We are looking for a day both visits could be conducted - say no more than 1 hour - to maximize his trip to Arkansas.

The Auditor has a couple of other meetings for Larry he is also trying to arrange as well - but your meetings are Larry's priority.

I am out Nov. 7-12 on personal leave.

I assume we will want to block out the Wednesday before Thanksgiving as well.

Would you both please agree to have a meeting with him and have your exec assistant's send 3 or 4 of days next month that Might work and maybe we can start from there?

Thank you for the consideration.

Jason
