Sen. Dotson / Rep. Warren:

A representative, Larry Berman, of Israel Bonds will be in Little Rock Monday, April 14th and Tuesday, April 15th. I worked with and have know Mr. Berman and Isreal Bonds since my time in the State Treasury when the Legislature allowed me to purchase bonds of Israel.

I know we both share a very deep love and respect for the State of Israel.

So far, I have a meeting set up for him with President Pro Temp/Sen. Hester sometime Monday morning (tbd) and State Treasurer Thurston Tuesday morning at 11:30. My office is working on a time with Speaker Evans (msp). I am also tring to set up follow up meetings with him with both executive directors of ATRS and APERS.

I know the timing is less than great, but I was hoping you could set aside 15 minutes to visit with Mr. Berman on Monday or Tuesday? He will be flying out Tuesday afternoon, tbd.

My Deputy Auditor, Jason Brady, is personally working on this for me. His state cell phone number is 501-516-2035 and his personal is 501-366-7525.

Would you please look at your incredible full schedule and see if you have sometime you could visit with him.

With appreciation,

Dennis Milligan
